

Kůže Rancho

Korigovaná kůže je máčená v barvě a je povrchově finálně dobarvena polyuretanovou barvou s krycími pigmenty – při této úpravě kůže dýchá a je schopna absorbovat vlhkost. Kůže s 2-letou zárukou a tloušťka 1,2- 1,5 mm

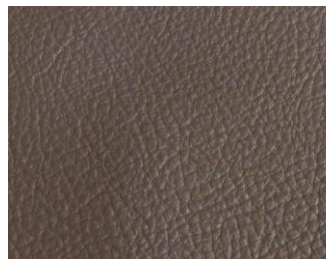

Poznámka: Barevný odstín a struktura povrchu je pouze orientační.
